MILITARY NOTES.
Believed That Appointment of Colonel for
Territorial Infantry Has Been Decided
Upon—Items of Interest.
Company C will have an eagle mascot.
Company C has a quartet which
furnishes excellent music.
Seven members of Santa Fe's old foot-
ball team have enlisted and gone to the
front.
Should there be another call for volun-
teers, several young men of Santa Fe
will enlist. Santa Fe's loyalty is above
par.
Arthur Hurt has been promoted by
Captain Strover and is now a full fledged
corporal.
Company C now has 81 members ac-
cepted and sworn in, and seven on pro-
bation.
T. P. Gable wants a commission and
would prefer a staff position in the regi-
ment, regimental quartermaster or the
like.
It is believed that the appointment of
a colonel for the territorial volunteer
infantry regiment was determined in
Washington today.
There will be more than enough men
in tonight to fill Company C to its maxi-
mum strength. They may leave for
Whipple Barracks tomorrow evening.
Watchmakers, newspaper men, en-
gineers, musicians and barbers are found
in Company C. Enough of a variety of
trades and professions represented to
form a desirable colony.
James Leahy was promoted to 1st
sergeant of Company C Saturday by Cap-
tain Strover. Jim says he'd rather be 1st
sergeant of Company C than a "jigger-
deer brindle" in any other place.
Should Major Van Patten not succeed
in organizing the company of volunteers
infantry, desired to be raised in south-
ern New Mexico, it is said that Judge
A. B. Fall will be commissioned so to
do.
A. L. Comstock, a railroad boy, has
been appointed 2d lieutenant in the
local company of volunteers. This is a
compliment appreciated highly by the
railroad men of the city, who have
furnished a large and valuable contri-
bution to the number of volunteers.
Lieutenant Comstock is the son of Major
Comstock, of the regular army, who
served his country for more than 30
years.—Las Vegas Optic.

Sunday, Secretary and Mrs. Wallace
entertained J. P. Manning and Ser-
geants James Leahy and De Witt Pierce
at luncheon. The boys were highly
elated over the courtesy extended them,
and they speak of the excellent qualities
of Mrs. Wallace in the capacity of host-
ess in terms of utmost admiration. They
were shown the various articles collected
by the couple in foreign lands, and were
given valuable advice concerning cus-
toms and opportunities in Hawaii and
the Philippine Islands.

ported. The fish warden should look after
this, as it is said the fish are being
caught with gunny sacks.
Tony Gavin, the good-natured fisher-
man in this city, had his foot badly

On Wednesday next a special train

teresting occasion, and should not be
missed by anyone.

rived from Albuquerque last night and
will secure employment with Contractor
M. Bernadelli.
The Up-to-Date Browns and the Santa
Fe Juniors played a game of ball on

lads on both sides claim that it was a hotly
contested event.
The insurance men engaged in adjust-
ing the loss on the Schumann fire shall

have finished their labors by this even-
ing and will then inform Mr. Schumann

At the African M. E. church last
evening Rev. B. F. McIntyre read the
congregations of all churches to give
prayers for the future success of the
American army and prayers of thank-

this nation in past battles. The pastor
chose his text from Jeremiah, 33rd
chapter, 32nd verse, an appropriate in-
troduction to the patriotic talk that
came later. A line oration was delivered
by George Miller, a veteran of the
United States army, who served 15 years
in the 9th cavalry.

ALL PAPERS MUST BE STAMPED.
Secretary Wallace Has Determined That
All Documents Filed Must Bear
Revenue Stamps.
Hon. Geo. H. Wallace, secretary of
the territory, has decided the war rev-
enue law of the United States requires
that the following rules must be ob-
served, and no papers will be either
received nor sent till required stamps have
been attached or paid for, as the case
may be.
The United States war revenue law
will make considerable difference in the
expense of papers, either sent to or re-
ceived from this office. The law ap-
pears to reach everything, and all
papers of every description sent to his
office for filing must have a 10-cent
stamp affixed thereto, properly cancelled
with initials and date.
In case of bonds, either notarial or
otherwise, "for the due execution or
performance of the duties of any office
or position, and to account for money
received by virtue thereof, and all other
bonds of any description," etc., a 50-cent
stamp must be affixed thereto.
Certificates of every description, and
certified copies of papers on file must
bear a 10-cent stamp, and the fees hereto-
fore paid for such certificates and cer-
tified copies will be increased by the
addition of the cost of such stamps.

TRAVEL IN ALASKA.
Letter from a Former Resident of Santa Fe
—High Water Hinders Progress—
Dangers of Falling Ice.
W. H. Goebel has received the follow-
ing letter from Valentine Schick, who
went to Alaska from this city last Feb-
ruary, which will give some idea of the
dangers and toils of a trip to the gold
fields in the northwest territory.
Fleming Landing, Prince Williams
Land, Alaska, June 23.—This is prob-
ably the last opportunity I will have for
some time to send a letter home, as we
have been up the river to the rapids and
over the first one, but on account of high
water could go no further, not over
back over. As the rapids a mountain
with perpendicular walls rises from the
water's edge on one side of the stream
preventing any passage, and we could
not cross to the other side because of
the swift water and high waves dashing
over the rocks in the bed of the river.
We came back to this landing as we
will not be able to get up the river be-
fore August or September. This will
make it late in the season when we
reach the section of the country we in-
tend stopping in. Once there we will
have to remain all winter or come out
on the ice, as the last steamer leaves in
October. It would be useless to come
back to the coast at that time as the
trip would have to be made again the
next spring and summer. We have con-
cluded to stay up there until one year
from this fall, which will be as long as
our provisions will last.
We are camped at the falls between
four glaciers, and they keep up a con-
stant noise resembling thunder, caused
by ice falling into the river. Blocks as
large as a four-story block falling at
once. We passed the dangers safely,
but some of the boat behind us did not
fare so well. In one boat three men
were caught in the waves caused by
falling ice and dashed up on the oppo-
site shore ten feet above the water. I
am well, never felt better in my life, and
will write again if I have an opportunity.

Albuquerque Fire Losses Adjusted.
The work of adjusting the losses on
the opera house block in Albuquerque,
and the contents, has been finished.
The building was owned by A. A. Grant,
who carried \$21,500 insurance, which
will be paid in full. On the stock of
goods owned by Hfeld Bros., the total
amount of insurance carried was \$102,
000, of that sum \$65,835 will be paid
and the firm also receives the goods
saved from the fire. The other occu-
pants of the building who suffered losses
by the fire have had their insurance ad-
justed satisfactorily.

Death of Henry Schmidt.
Word has been received in Santa Fe,
that on yesterday morning Henry
Schmidt, who was well known in this
city, was found dead in his bed at
Bland. The deceased was born in
Frankfurt on the Main about 47 years
ago, and had had something of an excit-
ing career. He was a grenadier in the
Prussian army during the Franco-Prus-
sian war, in one of the emperor's favor-
ite regiments, and in the war he saw severe
service, and his head and breast were
scared by more than 20 sabre cuts. At
the close of the struggle he came to
America, finally settling in Santa Fe.
He was a man of more than ordinary
ability, was finely educated and a
draughtsman by profession. The funeral
and burial arrangements will probably
be deferred until a brother who lives in
the City of Mexico can be communicated
with.

Farewell Party.
A farewell party was tendered Jay F.
Manning on Saturday evening at the
Claire hotel, previous to the young gen-
tleman's departure with Company C, of
which he is a popular member. The
party was arranged by several of his
young friends and proved a very de-
lightful event. The evening was pleas-
antly passed in card playing, social
conversations, etc., fine music being
provided.
During an intermission a delectable
luncheon was served.
Although a resident of Santa Fe but a
few months, Mr. Manning has made
many warm friends and his determina-
tion to go to the front, resigning a good
position to do so, has increased the re-
spect held for the young man.
